

NI LabVIEW Boot Camp

9:00 a.m. - 5:00 p.m.

Mon, December 16-Thurs, December 19

Physics Research Bldg, Ohio State Univ.

Register today to attend our upcoming NI LabVIEW Boot Camp at Ohio State University. If you're new to programming with LabVIEW or looking to improve your existing skills, this free hands-on course introduces you to graphical programming with LabVIEW system design software. You'll learn fundamental skills as well as take the Certified LabVIEW Associate Developer (CLAD) exam, a globally recognized entry-level certification exam.

Dates: Monday 12/16 through Thursday, 12/19

Times:

Instruction: Mon, Tues, Wed 9:00 a.m. - 5:00 p.m.

CLAD Prep & Exam: Thursday, Time TBD

Location: Physics Research Bldg, Room 1080

Cost: Free (an \$8,000 value)

You must attend all the sessions to complete the bootcamp.

You will learn:

- Create applications using the state machine design pattern to acquire, process, display, and store real-world data
- Learn LabVIEW functionality that directly links to your application needs by providing a jump-start for application development or skills to improve your existing applications
- Discover how LabVIEW integrates with existing legacy software, IP, and hardware while capitalizing on the latest computing technologies such as FPGA technology
- An overview of key concepts and preparation materials for the Certified LabVIEW Associate Developer (CLAD) Exam
