Dear Dr. Johnston-Halperin:

On 8/22/2024, Research Safety performed an annual laboratory site visit accompanied by Ellen Holmgren in :

1129 Physics Research

1135 Physics Research

No deficiencies were noted during the site visit and your laboratories were found to be in full compliance with university policies and procedures.

Additional Comments:

Please note that you do not need to respond to any items from this inspection.

Congratulations! The Office of Environmental Health & Safety recognizes the effort that it takes to maintain a safe and healthy work environment for you and your laboratory staff. The most recent annual safety inspection of your laboratories for chemical and/or biological safety procedures found no items of concern. The inspection focuses on appropriate facilities, protocols that minimize risks and properly trained, competent personnel.

To commend you for all of your hard work, attached is a certificate of achievement recognizing your place on the Research Safety Dean's List.

EHS sincerely appreciates your diligence and continued commitment to a strong, positive safety culture.

Sincerely,

Mitch Baker
EHS Safety Representative
