College of Arts and Sciences

Department: Physics
Position: Experimental High Energy Physics
Rank: Assistant Professor

Description:
The Department of Physics in the College of Arts and Sciences at The Ohio State University anticipates a tenure-track assistant professor appointment effective Autumn Semester 2016. Highly qualified candidates in all areas of experimental high-energy particle physics are invited to apply.

Qualifications:
Applicants should have a Ph.D. (by the start of employment) and an outstanding research record. A commitment to excellence in teaching at both the undergraduate and graduate levels is essential. Appointment is contingent on the university's verification of credentials and other information required by law and/or university policies, including but not limited to a criminal background check.

About Columbus:
The Ohio State University campus is located in Columbus, the capital city of Ohio. Columbus is the center of a rapidly growing and diverse metropolitan area with a population of over 1.5 million. The area offers a wide range of affordable housing, many cultural and recreational opportunities, excellent schools, and a strong economy based on government as well as service, transportation and technology industries (see http://liveworkplaycolumbus.com). Columbus has consistently been rated as one of the Top U.S. cities for quality of life, and was selected as one of the Top 10 cities for African Americans to live, work, and play by Black Enterprise magazine. Additional information about the Columbus area is available at http://www.columbus.org

Application Instructions:
Apply to Academic Jobs Online at: https://academicjobsonline.org/ajo/jobs/6479. Complete applications include a cover letter, a complete curriculum vitae including a publication list, a brief description of research plans, and a teaching statement. Applicants should arrange for at least four letters of reference to be submitted to the Academic Jobs Online posting. Applications will be accepted until the position is filled, however applications received by December 1, 2015 will receive priority consideration.

The Ohio State University is committed to establishing a culturally and intellectually diverse environment, encouraging all members of our learning community to reach their full potential. We are responsive to dual-career families and strongly promote work-life balance to support our community members through a suite of institutionalized policies. We are an NSF Advance Institution and a member of the Ohio/Western Pennsylvania/West Virginia Higher Education Recruitment Consortium (HERC).

The Ohio State University is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, or protected veteran status.
